Die hoop word uitgespreek dat u die dag geniet het saam met u familie, vriende en kollegas. Ons wens u Gods rykste seën toe vir die jaar wat voorlê.

It is often believed that women are born to be followers and not leaders. In fact women have been acclaimed to be good and effective leaders. The fact that women are relegated to the background in the leadership process within the African continent becomes problematic.

African women are seldom placed in leadership and decision making positions. Even those African countries that have some level of gender consciousness like South Africa, are still far away from, achieving a gender balanced leadership. For instance, out of 142 countries highlighted in the 2014 Gender Global gap report by the World Economic Forum, South Africa was placed 18th.

Our Bill of Rights enshrined in the South African constitution gives a number of rights to all, regardless of race, class, sex, religion, sexuality, among others, placing women on an equal footing with men.

We need to build an infrastructure of new leaders, one that has a fair share of female leaders and is representative of women. Advocacy for more women to be placed in power positions should be increased.

We must change our mind-sets with regard to women leaders, particularly in accepting that women, just like men can be leaders in all spheres of life.

Graag wens ek almal teenwoordig te versoek om op te staan vir 'n oomblik van stilte ter nagedagtenis aan die persone wie geliefdes aan die dood afgestaan het.

Graag wens ek 'n ernstige beroep op Raadslede te doen om opleiding by te woon waarvoor hulle genomineer is, aangesien afwesigheid aanleiding kan gee tot verkwiste uitgawes.

Baie dankie weereens dat u as Raadslede beskikbaar en sigbaar vir u verskeie gemeenskappe is.

Met dank.

C.5 STATEMENTS AND COMMUNICATIONS BY THE EXECUTIVE MAYOR

(3/2/1/3)

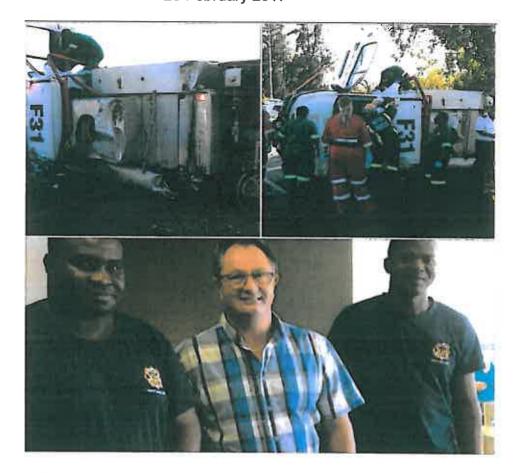

1. I need to share with the council that we in the CWDM are still battling with serious mountain fires. Currently the Banhoek valley in Stellenbosch was our most serious battle and I will come back to that. I share with you a picture of the fire in the Gydo Pass in the Witzenberg area. Members will take cognizance of the fact that we have to adjust our budget for firefighting later on in the discussion of the adjustment budget:

5 Council Meeting 23 February 2017

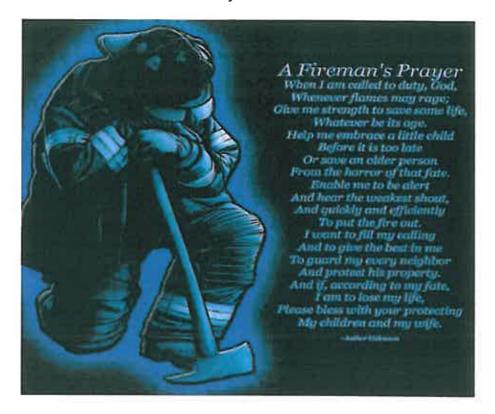

2. The fighting of fires does not come without casualties. During Tuesday night in the Banhoek valley, our fighters had some seriously challenging moments. A number of vehicles of the Stellenbosch Municipality were damaged but I am glad to say that again we had no loss of lives. We have had our 2nd road accident in which we have lost a 2nd fire engine, F31 whilst on duty. We are thankful that the 2 firefighters were not seriously injured and I share with you the two brave fighters with our portfolio holder who has supported them throughout their hospital tests and scans:

6 Council Meeting 23 February 2017

- 3. We have completed a very stringent adjustment budget process of which the budget will be tabled today and upon which I can report to council that this budget not only reflects sound financial management, but also a visible growth in service delivery to our communities. Services will especially be increased in the field of unmandated and unfunded functions in the area of Social development, however, this political leadership has given the direction that in terms of our Constitution, we will continue to fund these services from our own coffers.
- 4. I thank my Mayoral Committee members, all other councillors of this council together with all officials for putting our services to our people first. I would like to end with sharing with you the prayer of the fireman which was very prominent in our daily operation during the current fire season, which is only to end by the end of March. However this demonstrates the vision of the Cape Winelands District Municipality of "A unified Cape Winelands for Excellence":

7 Council Meeting 23 February 2017

PURPOSE OF SUBMISSION

That Council take cognisance of the Cape Winelands District Municipality's (CWDM) progress with regard to the implementation of the municipal Standard Chart of Accounts (mSCOA).

DOEL VAN VOORLEGGING

Dat die Raad kennis neem van die Kaapse Wynland Distriksmunisipaliteit (KWDM) se vordering ten opsigte van die implementering van die munisipale Standaardtabel van Rekeninge (mSTR).

INJONGO YONGENISO

Okokuba iBhunga lithabathele ingqalelo inkqubela phambili yoMasipala wesiThili saseCape Winelands (CWDM) ngokubhekiselele kukumiliselwa kweTshati kamasipala yoMgangatho yeeAkhawunti (mSCOA).

BACKGROUND

National Treasury promulgated Regulation 312 on the mSCOA on 22 April 2015.

Section 216 of the Constitution of the Republic of South Africa, 1996 provides that national legislation must prescribe measures to ensure transparency and expenditure control in each sphere of government by introducing generally recognised accounting practices, uniform expenditure classifications and uniform treasury norms and standards.

Currently, each municipality manages and reports on its financial affairs in accordance with its own organisational structure and unique chart of accounts. This resulted into a disjuncture amongst municipalities and the various spheres of government as to how they classify revenue and expenditure and consequently report thereon.

It was therefore necessary for the Minister of Finance to specify national norms and standards for the recording and collection of local government budget, financial and non-financial information which will include in some instances the specification of information required for national policy coordination and reporting.

The Cape Winelands District Municipality (CWDM) together with Bytes Technology has progressed significantly with the implementation since the last reporting date.

COMMENT

PROGRESS SINCE LAST REPORTING DATE

mSCOA READINESS

- (b) Six officials have received training on the web based module.
- (c) Managers has started to complete mSCOA budget templates.
- (d) ICT due diligence report was tabled at Council on the 8 December 2016

RECOMMENDATION BY MUNICIPAL MANAGER:

That Council take cognisance of the Cape Winelands District Municipality's (CWDM) progress with regard to the implementation of the mSCOA.

AANBEVELING DEUR MUNISIPALE BESTUURDER:

Dat die Raad kennis neem van die Kaapse Wynland Distriksmunisipaliteit (KWDM) se vordering ten opsigte van die implementering van die mSTR.

INGCEBISO EVELA KUMLAWULI KAMASIPALA

Okokuba uSodolophu kunye neKomiti kaSodolophu bacamngce ngokucebiso iBhunga ukubalithabathele ingqalelo inkqubela phambili yoMasipala wesiThili saseCape Winelands (CWDM) ngokubhekiselele kukumiliselwa kwemSCOA.

BACKGROUND

In terms of section 28 of the MFMA a council may at times have to consider a revision of its original budget as a result of material and significant changes in the collection of revenue, spending patterns, or projections thereof for the remainder of the financial year.

Section 28(4) of the MFMA stipulates that only the mayor may table an adjustments budget in the municipal council, but an adjustments budget in terms of section 28

(2)(b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.

Section 28 of the MFMA provides as follows in respect of an adjustments budget:

- (b) Council may only appropriate additional revenue that has become available, but only to revise or accelerate spending programmes already budgeted for (multiple years);
- (d) A municipality may authorise the utilisation of projected savings in any vote for spending on another vote;
- (e) May authorise the spending of funds that were unspent at the end of the past financial year where the underspending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council;
- (f) may correct any errors in the annual budget;
- (g) may provide for any other expenditure within a prescribed framework.

Section 28 (5) determines that when an adjustments budget is tabled, it must be accompanied by -

- (i) an explanation of how the adjustments affect the approved annual budget;
- (ii) appropriate motivations for material changes; and
- (iii) an explanation of the impact of any increased spending on current and future annual budgets.

Furthermore, regulation 23 of the Municipal Budget and Reporting Regulations, 2008 (published in Government Gazette No. 32141 on 17 April 2009), determined the timeframes for tabling of adjustments budgets as follows:

- (1) An adjustments budget referred to in section 28(2)(b), (d) and (f) of the MFMA may be tabled in the municipal council at any time after the mid-year budget and performance assessment has been tabled in the council, but not later than 28 February of the current year.
- (2) Only one adjustments budget referred to in sub-regulation (1) may be tabled in the municipal council during a financial year, except when the additional revenues contemplated in section 28(2)(b) of the MFMA are allocations to a municipality in a national or provincial adjustments budget, in which case sub-regulation (3) applies.

In terms of section 30 of the MFMA, the appropriation of funds in an annual or adjustments budget lapses to the degree in which those funds are unspent at the end of the financial year to which the budget relates, except, in terms of section 16(3), in the case of an appropriation for expenditure made for a period longer than

that financial year. Section 16(3) stipulates that Council may approve money for capital expenditure for a period of not more than three financial years, provided that a separate appropriation is made for each of those financial years.

PROPOSED REVISED BUDGET FEBRUARY 2017

BACKGROUND

The rural area of the Ceres Karoo known as Droehoek has been experiencing extremely low rainfall over a period of three consecutive years. The Executive Mayor of Witzenberg Municipality and the Deputy Executive Mayor of the District Municipality inspected the area on 1 February 2017 and consulted with various affected farmers. The dire situation of the farmers and atrocious conditions on the farms were mainly a result of no or minimum rainfall over a three year period. Many of the farmers had to sell their livestock and even retrenched workers, because they have no more water for either animal or human consumption. The organised agriculture approached the Provincial Department of Agriculture for assistance and was advised that they can only do so if the municipality declares the area a local state of disaster.

In terms of section 55 of the Disaster Management Act, 2002 (Act No. 57 of 2002), the Council of a municipality having primary responsibility for the co-ordination and management of a disaster is authorised to publish the declaration of a local state of disaster in the Provincial Gazette should current legislation and contingency

measures be insufficient to deal with the situation effectively or other special circumstances warrant such a declaration. The requirements of sections 23, 35, 49, 56 and 57 also have to be complied with in order to declare a local state of disaster. These sections of the said Act clearly guide the responsibilities and competencies of local, provincial and national government structures during disastrous events of this nature and the consequent processes that follow afterwards in order to declare a state of disaster.

Attached as Annexure "A" is a copy of a Council resolution received from the Witzenberg Municipality in which it requests Council's consideration to support its request for the declaration of a local state of disaster to the Provincial Disaster Management Centre.

LEGAL

In terms of the Constitution of the Republic of South Africa, 1996 all spheres of government must observe and adhere to the principles of co-operative government in order to, inter alia, secure the well-being of the people of the Republic of South Africa.

The Disaster Management Act, 2002 (Act No. 57 of 2002) recognizes the wide-ranging opportunities in South Africa to avoid and reduce disaster losses through the concerted energies and efforts of all spheres of government, civil society and the private sector and also gives explicit priority to the application of the principle of co-operative governance for the purposes of disaster risk management and emphasises the involvement of all stakeholders in strengthening the capabilities of national, provincial and municipal organs of state to reduce the likelihood and severity of disasters.

Section 23 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

- (I) When a disastrous event occurs or threatens to occur, the National Centre must, for the purpose of the proper application of this Act, determine whether the event should be regarded as a disaster in terms of this Act, and if so, the National Centre must immediately-
 - (a) assess the magnitude and severity or potential magnitude and severity of the disaster;
 - (b) classify the disaster as a local, provincial or national disaster in accordance with subsections (4), (5) and (6); and
 - (c) record the prescribed particulars concerning the disaster in the prescribed register.
- (2) When assessing the magnitude and severity or potential magnitude and severity of a disaster, the National Centre-
 - (a) must consider any information and recommendations concerning the disaster received from a provincial or municipal disaster management centre in terms section 35 or 49; and
 - (b) may enlist the assistance of an independent assessor to evaluate the disaster on site.
- (3) The National Centre may reclassify a disaster classified in terms of subsection (I)(b) as a local, provincial or national disaster at any time after consultation with the relevant provincial or municipal disaster management centres, if the magnitude and severity or potential magnitude and severity of the disaster is greater or lesser than the initial assessment.
- (4) A disaster is a local disaster if--
 - (a) it affects a single metropolitan. district or local municipality only: and
 - (b) the municipality concerned, or, if it is a district or local municipality, that Municipality, either alone or with the assistance of local municipalities in the area of the district municipality is able to deal with it effectively.
- (5) A disaster is a provincial disaster if-
 - (a) It affects-
 - (i) more than one metropolitan or district municipality in the same province;
 - (ii) a single metropolitan or district municipality in the province and that metropolitan municipality, or that district municipality with

the assistance of the local municipalities within its area is unable to deal with it effectively; or

- (iii) a cross-boundary municipality in respect of which only one province exercises executive authority as envisaged by section 90(3)(a) of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998); and
- (b) the province concerned is able to deal with it effectively.
- (6) A disaster is a national disaster if it affects-
 - (a) more than one province: or
 - (b) a single province which is unable to deal with it effectively.
- (7) Until a disaster is classified in 1.erms of this section, the disaster must be regarded as a local disaster.
- (8) The classification of a disaster in terms of this section designates primary responsibility to a particular sphere of government for the co-ordination and management of the disaster, but an organ of state in another sphere may assist the sphere having primary responsibility to deal with the disaster and its consequences.

Section 35 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

- (1) When a disastrous event occurs or threatens to occur in a province, the disaster management centre of the province concerned must determine whether the event should be regarded as a disaster in terms of this Act, and, if so, the centre must immediately-
 - (a) initiate efforts to assess the magnitude and severity or potential magnitude; and
 - inform the National Centre of the disaster and its initial assessment of the magnitude and severity or potential magnitude and severity of the disaster;
 - (c) alert disaster management role-players in the province that may be of assistance in circumstances; and
 - (d) initiate the implementation of any contingency plans and emergency procedures that may be applicable in the circumstances.
- (2) When informing the National Centre in terms of subsection (I)(b), the provincial disaster management centre may make such recommendations regarding the classification of the disaster as may be appropriate.

Section 49 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

- (1) When a disastrous event occurs or is threatening to occur in the area of a municipality, the disaster management centre of the municipality concerned must determine whether the event should be regarded as a disaster in terms of this Act, and, if so, must immediately-
 - (a) initiate efforts to assess the magnitude and severity or potential magnitude and severity of disaster;
 - (b) inform the National Centre and the relevant provincial disaster management centre of the disaster and its initial assessment of the magnitude and severity or potential magnitude and severity of the disaster;
 - (c) alert disaster management role-players in the municipal area that may be of assistance in the circumstances; and
 - (d) initiate the implementation of any contingency plans and emergency procedures that may be applicable in the circumstances
- (2) When informing the National Centre and the relevant provincial disaster management centre in terms of subsection (I)(b), the municipal disaster management centre may make such recommendations regarding the classification of the disaster as may be appropriate.

Section 55 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

- (1) In the event of a local disaster the council of a municipality having primary responsibility for the co-ordination and management of the disaster may, by notice in the provincial gazette, declare a local state of disaster if-
 - (a) existing legislation and contingency arrangements do not adequately provide for that municipality to deal effectively with the disaster; or
 - (b) other special circumstances warrant the declaration of a local state of disaster.
- (2) If a local state of disaster has been declared in terms of subsection (I), the municipal council concerned may, subject to subsection (3), make by-laws or issue directions, or authorise the issue of directions, concerning-
 - (a) the release of any available resources of the municipality, including stores, equipment;
 - (b) the release of personnel of the municipality for the rendering of emergency services;

- (c) the implementation of all or any of the provisions of a municipal disaster management plan that are applicable in the circumstances;
- (d) the evacuation to temporary shelters of all or part of the population from the disaster-stricken or threatened area if such action is necessary for the preservation of life;
- the regulation of traffic to, from or within the disaster-stricken or threatened area;
- (f) the regulation of the movement of persons and goods to, from or within the disaster-stricken or threatened area;
- (g) the control and occupancy of premises in the disaster-stricken or threatened area;
- (h) the provision, control or use of temporary emergency accommodation;
- (i) the suspension or limiting of the sale, dispensing or transportation of alcoholic beverages in the disaster-stricken or threatened area;
- (j) the maintenance or installation of temporary lines of communication to, from or within the disaster area;
- (k) the dissemination of information required for dealing with the disaster;
- (I) emergency procurement procedures;
- (m) the facilitation of response and post-disaster recovery and rehabilitation: or
- (n) other steps that may be necessary to prevent an escalation of the disaster, or to alleviate, contain and minimise the effects of the disaster.
- (3) The powers referred to in subsection (2) may be exercised only to the extent that this is necessary for the purpose of--
 - (a) assisting and protecting the public;
 - (b) providing relief to the public;
 - (c) protecting property;
 - (d) preventing or combating disruption;
 - (e) dealing with the destructive and other effects of the disaster.
- (4) By-laws made in terms of subsection (2) may include by-laws prescribing

- (5) A municipal state of disaster that has been declared in terms of subsection (2)--
 - (a) lapses three months after it has so been declared;
 - (b) may be terminated by the council by notice in the provincial gazette before it lapses in terms of paragraph (a); and
 - (c) may be extended by the council by notice in the provincial gazette for one month at a time before it lapses in terms of paragraph (a) or the existing extension is due to expire.

Section 56 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

- (1) This Chapter is subject to sections 16 and 25 of the Public Finance Management Act, 1999, which provide for the use of funds in emergency situations.
- (2) When a disaster occurs the following principles apply:
 - (a) National, provincial and local organs of state may financially contribute to response efforts and post-disaster recovery and rehabilitation;
 - (b) The cost of repairing or replacing public sector infrastructure should be borne by the organ of state responsible for the maintenance of such infrastructure.
- (3) The Minister may, in the national disaster management framework, prescribe a percentage of the budget, or any aspect of a budget of a provincial organ of state or a municipal organ of state, as the case may be, as a threshold for accessing additional funding from the national government for response efforts.
- (4) Any financial assistance provided by a national, provincial or municipal organ of state in terms of subsection must be in accordance with the national disaster management framework and any applicable post-disaster recovery and rehabilitation policy of the relevant sphere of government, and may take into account-
 - (a) whether any prevention and mitigation measures were taken, and if not, the reasons for the absence of such measures;
 - (b) whether the disaster could have been avoided or minimised had prevention and mitigation measures been taken;
 - (c) whether it is reasonable to expect that prevention and mitigation measures should have been taken in the circumstances:

- (d) whether the damage caused by the disaster is covered by adequate insurance, and if not, the reasons for the absence or inadequacy of insurance cover;
- (e) the extent of financial assistance available from community, public or other non-governmental support programmes; and
- (f) the magnitude and severity of the disaster, the financial capacity of the victims of the disaster and their accessibility to commercial insurance.

Section 57 of the Disaster Management Act, 2002 (Act No. 57 of 2002) stipulates as follows:

When a municipality or a province in the event of a local or provincial disaster requests the national government to financially contribute to post-disaster recovery and rehabilitation, the following factors may be taken into account:

- (a) Whether any prevention and mitigation measures were taken or initiated by the municipality or province, and if not, the reasons for the absence of such measures;
- (b) whether the disaster could have been avoided or minimised had prevention and mitigation measures been taken;
- (c) whether it is reasonable to expect that prevention and mitigation measures should have been taken or initiated in the circumstances by the municipality or province;
- (d) whether the damage caused by the disaster is covered by adequate insurance, and if not, the reasons for the absence or inadequacy of insurance cover; and
- (e) the magnitude and severity of the disaster and whether or not available financial resources at local level, or if it is a provincial disaster. at provincial level, are exhausted.

CWDM TABLING OF ADJUSTMENT BUDGET 23 FEBRUARY 2017 COUNCIL MEETING ITEM C.14.1

Madame Speaker,

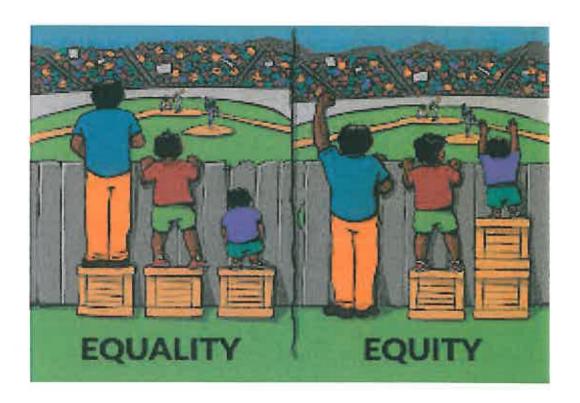

In tabling the 2016/2017 adjustment budget in terms of section 28(2)(b), (d) and (f) of the Local Government Municipal Finance Management Act, 2003 (56 of 2003) and Regulation 23(1) of the Municipal Budget and Reporting Regulations, 2008, I would like to first of all share the following principles in which I have approached this adjustment budget with the members of council.

Firstly, the Rule of Law which means to never bend the rule of law is consistently applied. Secondly a transparent and open process in dealing with the adjustment budget was applied. A work session with the opposition members of this council was arranged which was well attended. In this way not only transparent governance, but also participative governance was achieved. Political leadership strives to serve the community of the Cape Winelands in a humble, yet accountable manner which also mean that we as a council need to be responsive, consensus-orientated, effective and inclusive in our approach to the spending of public money.

The CWDM has an annual operational budget of R400 000 000.00.

We also need to contribute, within the legislative and financial boundaries and the functions of the district municipality, to redress the wrongs of the past. For this reason, I am sharing with the councilmembers one example of how we have implemented not only

equality but also equity in our approach. Equity is best demonstrated by the following visual image and I would urge the council to measure what we are presenting here today in terms of this principle:

2016/2017 Adjustments Budget Summary

1. As background I refer you to the Mid-year report that served before the Council Meeting of 26 January 2017. This report was compiled in terms of Section 72 of the MFMA in which the Municipal Manager, after assessment of the Mid-Year performance, recommended to the Executive Mayor on 16 January that:

- (a) An Adjustments Budget for the 2016/2017 financial year be submitted to the council for approval; and
- (b) That the relevant service delivery targets and performance indicators in the SDBIP be adjusted accordingly.
- 2. The Executive Mayor concurred with these recommendations of the Accounting Officer on 16 January 2017.
- 3. The relevant report was submitted to NT and PT as per section 72 of the MFMA as well as to Council as per section 54 of the MFMA.
- 4. The Municipality has to date spent 51% of its budget, which can be regarded as acceptable considering that compared to the previous financial year, most of the expenditure usually occurred in the second half of the financial year.
- 5. Notwithstanding the above, prudent actions were instituted during the Adjustments Budget process to improve on actual spending as anticipated.
- 6. The Municipality realised savings as a result of the following:
 - (a) Due to an earlier than expected RSC Levy grant transfer from NT, unexpected higher interest rates offered on investments and the spending patterns alluded to, the Municipality had a larger than expected investment portfolio. The expectation is that interest on investments

will increase with R8 million more than originally budgeted;

- (b) Savings on the salaries budget realised where for example vacant posts will only be filled later in this year or in the new financial year;
- (c) Savings on general expenditure realised after a vigorous assessment to avoid money being held back that could have been utilised in service delivery to the communities we serve;
- 7. The savings mentioned were utilised towards increasing the following:
 - (a) R6,1 million increase in respect of firefighting aerial support and parts & accessories;
 - (b) Projects increased with R7,6 million and for these adjustments on each project I am referring members to Annexure D on page 26:
 - LED and specifically the Investment attraction Programme and the mentorship programme have been increased with R100 000.00
 - Land use and spatial planning and in particular the EPWP project has been increased with R1 million
 - Projects and housing, upgrading of rural sport facilities, has been increased with R100 000.00

- Municipal health service and in particular the greening project has been increased with R250 000.00
- In the Social Development Department, the budget has been increased with R2 980 000 specifically for projects such as HIV Projects, the elderly, families and children (including substance abuse), skills development, youth and women.
- In the Rural development Programme, Sport, recreation and culture is increased with R4 600 000.00 and the programme for the disabled is increased with R700 000.00.
- 8. It is imperative to note that the Municipality do not have infrastructure assets that are used to provide economic services to the communities. The type of assets that the municipality acquire are mostly vehicles, upgrade to buildings, IT equipment, copy machines, and other operational items.
- 9. The total savings illustrated on the Capital Adjustments Budget amounts to R6,2 million. However, an additional R2,6 million savings must be added to the said amount, concerning a Firefighting Engine, that will be delivered in the 2017/2018 financial year.

- 10. The following major savings, in most cases after the completion of the SCM processes, are:
 - (a) Mayoral Official vehicle;
 - (b) Routers and switches;
 - (c) Various building upgrades; and
 - (d) VAT.
- 11. In order to fulfil the "building of capacity-role" of the district municipality, we are also offering R1 500 000.00 to all 5 our local municipalities to be spent before the end of our current financial year. They had to come up with their respective business plans from where the municipal managers will drive this financial support process.
- 12. After the adjustments budget amendments to the Capital Budget, expenditure including commitments reflect at 85% and this is a significant improvement from the previous year.

Madame Speaker, in the light of what I think is a very healthy and equitable adjustment budget for 2016/2017, for which I need to thank all officials for their respective input, I move that council approve of this adjustment budget.

I thank you.
