**Dear Mr Prins** 

#### PROVINCIAL TREASURY COMMENTS ON THE TABLED 2020/21 ANNUAL REPORT

Section 121(1) of the Municipal Finance Management Act (MFMA) (Act No. 56 of 2003) states that every municipality and every municipal entity must prepare an annual report for each financial year. The council of a municipality must within nine months after the end of the financial year deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.

MFMA sections 121(3) and (4) sets out the framework relating to the content of the annual reports for both municipalities and municipal entities. National Treasury has further Introduced the new annual report template and MFMA Circular No. 63 on 26 September 2012. MFMA Circular 63 aims to provide guidance to municipalities and municipal entities on the Annual Report format and its contents.

The municipal council is obliged to consider any views of the local community; the National Treasury, the relevant provincial treasury and any provincial or national organs of state or municipalities which made submissions on the Annual Report.

Provincial Treasury reminded all municipalities of these responsibilities in Treasury Circular No 1 of 2022 (25 January 2022).

#### 2. SERVICE DELIVERY PERFORMANCE

Strategic Objective	SDBIP Torgets	Target Achieved	Targets not achieved	% achieved
SO1: Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowement of the poor in the Cape Winelands District.	17	11	0	100%
SO2: Promoting sustainable infrastructure services and a transport system that fosters social and economic opportunities.	10	6	4	60%
SO3: Providing effective and efficient financial and strategic support services to the CWDM.	15	11	4	73.3%
TOTAL CONTROL OF STATE OF STAT	36	28	8	77.8%

- The Municipality had excellent service delivery performance with a 22.2 per cent variance between planned and actual performance, compared to a 21.0 per cent variance in 2019/20. While the Municipality has regressed in terms of the proportion of targets achieved when compared to the previous financial year, actual performance has improved when compared to the previous year's actuals. The Municipality has therefore improved on its efforts to deliver on its service delivery mandate.
- The Municipality had excellent performance for SO1 where all of the targets set were achieved, showing a commitments towards social and economic development within the region.
- The Municipality had relatively poor performance for SO2 (60.0 per cent success rate). This is a concern as these targets relate to service delivery, such as the upgrade of sports facilities, spending on rural projects; and the regravel of roads, all of which were not achieved. Fortunately, all of these targets were almost achieved. Nevertheless, there is room for improvement in this regard as such projects have a positive effect on the economy.
- Several targets that were not achieved also relate to underspending. This could hamper service delivery and lead to a possible reduction in transfers. The Municipality should pay close attention to improving spending performance.
- The Municipality has indicated reasons for under-achievement and the corrective measures for all targets that were not achieved. These are noted and should serve to improve performance in the 2021/22 financial year.

#### 3. BROAD-BASED BLACK ECONOMIC EMPOWERMENT DISCLOSURES

Information on compliance with the Broad-based Black Economic Empowerment (B-BBEE) Act (Act 53 of 2003) has been disclosed on page 52 of the Annual Report. The information provided is adequate. The Municipality has made a significant contribution towards black economic empowerment, through employment in management posts, procuring services and skills development for non-whites, females, youth and the disabled.

#### 4. AUDITOR GENERAL FINDINGS

The Municipality received unqualified audits with no findings i.e., clean audits for the 8th consecutive year in a row. The Municipality is commended for maintaining excellent financial reporting and governance levels.
