LGSETA	Local Government Sector Education Training Authority	SO	Strategic Objective
LTA	Local Tourism Association	WSP	Workplace Skills Plan
MAYCO	Mayoral Committee		

2. INTRODUCTION

The SDBIP seeks to promote municipal accountability and transparency and is an important instrument for service delivery and budgetary monitoring and evaluation. The SDBIP is a partnership contract between the Administration, Council and Community, which expresses the goals and objectives, as set by the Council as quantifiable outcomes that can be implemented by the Administration over the next financial year. This is illustrated in Diagram 1 below.

Section 1 of the MFMA defines the SDBIP as: A detailed plan approved by the mayor of a municipality in terms of section 53(1)(c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include (as part of the top-layer) the following:

- (a) Projections for each month of -
 - Revenue to be collected, by source; and
 - Operational and capital expenditure, by vote.
- (b) Service delivery targets and performance indicators for each quarter.

In terms of National Treasury's Circular No.13 the SDBIP must provide a picture of service delivery areas, budget allocations, and enable monitoring and evaluation. It specifically requires the SDBIP to include;

- Monthly projections of revenue to be collected for each source;
- Monthly projections of expenditure (operating and capital) and revenue for each vote;
- Quarterly projections of service delivery targets and performance indicators for each vote;
- Information for expenditure and delivery; and
- Detailed capital works plan.

In terms of Sections 69(3)(a) and (b) of the MFMA, the accounting officer of a municipality must submit to the Mayor within 14 days after the approval of an annual budget, a draft SDBIP for the budget year and drafts of the annual performance agreements as required in terms of section 57(1)(b) of the MSA for the MM and all SM's. Furthermore, according to Section 53(1)(c)(ii) and (iii) of the MFMA, the Executive Mayor is expected to approve the SDBIP within 28 days after the approval of the budget.

This coincides with the need to table at Council, drafts of the annual performance agreements for the MM and all SM's as required in terms of Section 57(1)(b) of the MSA. The budget implementation section of the SDBIP is categorised in terms of Votes as prescribed by the MFMA. In the case of CWDM, Votes indicate a budget allocation for Core Administration as per the relevant SO.

3. RISK MANAGEMENT

The CWDM is committed to effective risk management in order to achieve our vision, service delivery against our core business and strategic key objectives so as to ensure appropriate outcomes are realised. In the course of conducting our day-to-day business operations, we are exposed to a variety of risks. These risks include operational, as well as other risks that are material and require comprehensive controls to be established and on-going oversight to be conducted.

To ensure business success, the CWDM have adopted an enterprise-wide integrated positive approach to the management of risks. By embedding the risk management process into key business processes, such as planning, operations, and new projects - management will be better equipped to identify events affecting our objectives and to manage risks in ways that are consistent with the approved risk appetite. The CWDM will not only look at the risk of things going wrong, but also the impact of not taking opportunities and/or not capitalizing on municipal strengths. By adopting this positive approach and taking into consideration the IDP, it will enable the CWDM to adequately fulfil its performance expectations.

The Council recognizes the wide range of risks to which the CWDM is exposed. At the CWDM, we are committed to the effective management of risk in order to achieve our goals and objectives, as well as converting risk into opportunities that create value for our stakeholders. It is therefore a SO to adopt a process of integrated risk management that will assist the CWDM in meeting its key goals, most specifically:

- To align the risk-taking behaviour to better achieve the goals and related objectives;
- To protect the reputation and brand name CWDM possesses world-wide;
- To promote a risk awareness ethic in all Departments/Directorates and improve risk transparency to stakeholders;
- To maximise (create, protect and enhance) stakeholder value and net worth, by managing risk(s) that may impact on the development and success indicators; and
- To identify risk improvement opportunities that will maximise business opportunities and sustainable delivery of services and programmes.

The table below shows the three SO's (what we want to achieve) and related strategic risks (what prevents us from reaching the desired outcome):

STRATEGIC OBJECTIVE	TOP STRATEGIC AND EMERGING RISKS
<p>1. Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowerment of the poor in the Cape Winelands District.</p>	<p>Current Strategic risks</p> <ul style="list-style-type: none"> • Compromised financial sustainability of the municipality; • Increasing employee costs year on year; • Insufficient electricity supply/load shedding); • Loss of provincial roads services function; • Deteriorating employee wellness. <p>Current Emerging risks</p> <ul style="list-style-type: none"> • Limitations to attract and retain skilled staff; • Climate change/ extreme weather conditions; • Escalating social ills within the district; • Inability to deliver services; • Cyber crime; • Supply chain vulnerabilities.
<p>2. Promoting sustainable infrastructure services and a transport system which fosters social and economic opportunities.</p>	
<p>3. Providing effective and efficient financial and strategic support services to the CWDM.</p>	

These top strategic risks are currently under review and will be finalised soon. These SO's will form the basis of the CWDM's sustainable long-term strategy in its five-year IDP for 2017/18 – 2021/22. Risk(s) manifest as negative impacts on goals and objectives, or as missed opportunities to enhance institutional performance. Stakeholders expect municipalities to anticipate and manage risks in order to eliminate waste and inefficiency, reduce shocks and crises, and to continuously improve capacity for delivering on their institutionalised mandates. Risk is therefore an event, potential or real, that could have an impact on the institution achieving its objectives. It is also apparent that risk is measured in terms of the **impact** that it would have on the achievement of objectives and the **likelihood** of the risk materialising.

5. MONTHLY PROJECTIONS OF OPERATING EXPENDITURE TO BE INCURRED PER STRATEGIC OBJECTIVE

Table with 17 columns: No, Description, Budget, Jan Budget, Feb Budget, Mar Budget, Apr Budget, May Budget, Jun Budget, July Budget, Aug Budget, Sept Budget, Oct Budget, Nov Budget, Dec Budget, Actual Q1, Utilization, Qty, Unit Cost, Total Q1, Amount Q1, January, Feb, March, April, May, June, July, August, September, October, November, December. Rows include various departmental expenses like Office of the Mayor, Office of the City Engineer, Office of the City Auditor, etc.

A unified Cape Winelands of excellence for sustainable development

8. CWDM STRATEGIC OBJECTIVES

CAPE WINELANDS DISTRICT MUNICIPALITY – STRATEGIC OBJECTIVES:	
Office of the Municipal Manager:	<p>Strategic Support to the organisation to achieve the objectives as set out in the IDP through:</p> <ul style="list-style-type: none"> • A well-defined and operational IDP Unit; • A well-defined and operational Performance Management Unit; • A well-defined and operational Risk Management Unit; • A well-defined and operational Internal Audit Unit; and • A well-defined and operational Communications Unit.

STRATEGIC OBJECTIVES	
SO 1	Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowerment of the poor in the Cape Winelands District.
SO 2	Promoting sustainable infrastructure services and a transport system which fosters social and economic opportunities.
SO 3	Providing effective and efficient financial and strategic support services to the CWDM.

CAPE WINELANDS DISTRICT MUNICIPALITY: PREDETERMINED OBJECTIVES	
1.1	Provide a comprehensive and equitable MHS including AQM throughout the area of the CWDM.
1.2	Ensure coordination of multi-disciplinary and sectoral disaster risk reduction through integrated institutional capacity for Disaster Risk management, Disaster Risk Assessment and Response and Recovery.
1.3	Effective planning and coordination of specialized fire-fighting services throughout the area of the CWDM.
1.4	To facilitate environmentally sustainable economic development planning through the development and maintenance of strategic partnerships, investment attraction, retention and opportunities, SMME support and development, skills development and information knowledge.
1.5	To facilitate, ensure, and monitor the development and empowerment of the poor by graduating people out of poverty, social inclusion and improving the livelihood of the: poor; vulnerable groups; rural farm dwellers; and rural communities.
2.1	To comply with the administrative and financial conditions of the PGWC roads agency function agreement.
2.2	To implement sustainable infrastructure services throughout the area of the CWDM.
2.3	To increase levels of mobility throughout the area of the CWDM.
2.4	To improve infrastructure services for rural dwellers throughout the area of the CWDM.
2.5	To implement an effective ICT support system.
3.1	To facilitate and enhance sound financial support services.
3.2	To strengthen and promote participative and accountable governance.
3.3	To facilitate and enhance sound strategic support services.

8.1 NATIONAL KPA's:

1. Basic Service Delivery;
2. Municipal Institutional Development and Transformation;
3. LED;
4. Financial Viability; and
5. Good Governance and Public Participation.

Over Performance	100% +
Target Achieved	100%
Target Almost Achieved	80% to 99%
Under Performance	1% to 79%
No Target for Quarter	0
Zero Performance	0%

10. CONCLUSION

The SDBIP provides an excellent basis for the Councillors of the CWDM to monitor the implementation of service delivery programmes and initiatives across the Cape Winelands District. The scorecard in the SDBIP presents a clear mandate to the Councillors in terms of playing their oversight function. Regular reports are presented to the Section 79 Committees in terms of the commitments made in departmental service delivery and budget implementation plans.

Administratively, the SDBIP facilitates proper monitoring of performance by SM's and the MM against set targets. The MM's commitments in his scorecard will be used by the Executive Mayor and her MAYCO to monitor the progress of the CWDM in terms of implementing programmes and initiatives in the Cape Winelands District. Similarly, the MM is being provided with a tool to ensure that his direct reports are held accountable for all the KPI's as presented in the SDBIP.

11. ANNEXURE A: TECHNICAL DEFINITIONS

This annexure aims to provide further clarity/understanding in relation to certain terms used within an outcome indicator and/or a KPI. The reason for such is twofold:

- Firstly, it aims to eliminate or reduce the risk of ambiguity in interpretation; and
- Secondly, to enable the user to fully comprehend the interpretation adopted by the CWDM when defining the respective outcome indicator and/or KPI. This provides clarity on the true contextual meaning of the word and for the correct application thereof.

The parameters within which CWDM defined these terms, for clarification regarding this level of performance management and reporting, includes the following:

1. CWDM's mandate;
2. All relevant and applicable laws and regulations;
3. CWDM's suite of institutionalised practices (i.e., policies, processes and procedures);
4. Best practices;
5. CWDM's specific local content considerations (i.e., the community it services, and the coordination and support of local municipalities within its demarcation); and
6. The true meaning of the word (i.e., the dictionary definition assigned thereto).

Strategic Objective 1: Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowerment of the poor in the Cape Winelands District

KPI number	Outcome indicator	KPI	Indicator definition	Technical term	Definition
1.1.1.1	To administer an effective environmental health management system in order to achieve the environmental health objective sets.	Monthly report to PGWC on all MHS matters by the 15 th of the following month (Shinjani report).	Monthly reporting (Shinjani report) by the MHS Divisions via the internet on the PGWC's Health Information System on a variety of predetermined environmental health elements.	"Administer"	To "administer" an effective environmental health management system is interpreted as CWDM's support of the management and administration around this system, which includes <i>inter alia</i> reporting. Such administration aims to promote transparency and accountability for the community CWDM services.
1.1.2.1	To facilitate effective environmental pollution control through identification, evaluation and/or monitoring to prevent air pollution.	Submission of the annual Air Quality Officer Report to PGWC.	Submission of a report accounting for the CWDM progress with regard to the implementation of its legislative functions, in terms of the National Environmental Management: Air Quality Act 39 of 2004, to the PGWC.	"Facilitate"	To "facilitate" effective environmental pollution control is interpreted as the reasonable measures that CWDM implements in order to protect the environment that it services. These reasonable measures include <i>inter alia</i> identification, evaluation, and monitoring exercises to prevent air pollution.
1.1.3.1	Number of water and/or sanitation subsidies granted to citizens in the Cape Winelands District.	To improve the livelihoods of citizens in the Cape Winelands District.	This can be defined as subsidy claims submitted, processed, approved and paid to landowners in respect of water and sanitation upgrades on farms.	"Improve"	To "improve" an individual's livelihood is subjective, however "improvement" is deemed successful when an individual's livelihood is in a better position from what it once was. Such improvements include <i>inter alia</i> measures to better the current state of water and sanitation for citizens in the Cape Winelands District.
1.2.1.1	Number of bi-annual Disaster Management Advisory Forums held.	To coordinate an effective disaster management division in order to achieve the disaster management objectives set.	In terms of the Disaster Management Act No. 57 of 2002, a disaster management function is designated to municipalities and municipal entities. Falling within the ambit of these duties is the establishment of a Disaster Management Advisory Forum, as per section 51 of the Act. Through this function, disaster management objectives are set, and plans are formulated for implementation.	"Livelihoods"	For the purposes of CWDM's interpretation, the "livelihood(s)" constitutes the everyday activities that are essential to the basic necessities of life. This would include <i>inter alia</i> water and sanitation.
				"Granted"	For the purposes of CWDM's interpretation "granted" is when funds are disbursed to landowners following the successful application for and assessment of the landowners need for such a subsidy.
				"Disaster management objectives"	A "disaster" is defined in the Disaster Management Act No. 57 of 2002 as a – "(1) <i>progressive or sudden, widespread or localised, natural or human-caused occurrence which –</i> (i) <i>Death, injury or disease;</i> (ii) <i>Damage to property, infrastructure or the environment; or</i> (iii) <i>Disruption of the life of a community; and</i> (2) <i>is of such a magnitude that it exceeds the ability of those affected by the disaster using only their own resources</i> ". For the purposes of CWDM's interpretation, such a disaster constitutes an emergency that occurs within the area service by the CWDM when Local Municipality requests assistance. "Disaster management" refers to the measures that the municipality have in place to minimise the impact of a disaster should it occur, this includes either mitigation, prevention or response. This includes <i>inter alia</i> the establishment of a DMC, facilitation of training, administrative support, and assistance to the citizens of the Cape Winelands District.

Strategic Objective 1: Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowerment of the poor in the Cape Winelands District

<p>1.3.1.1</p> <p>Effective planning and coordination of specialized firefighting services.</p>	<p>Pre-fire season and post-fire season reports submitted to Council for consideration for approval.</p>	<p>Submission of a veid fire season preparedness plan/report (pre-fire season) in the second quarter to council for approval before the start of the fire season and submission of a veid fire season assessment report (post fire season report) in the fourth quarter to Council for approval at the end of the fire season.</p>	<p>"Pre-fire season and post-fire season"</p>	<p>Fire season in the Western Cape is from the month of December up to and including the month of April. Therefore, the CWDM will submit reports before the month of December (the second quarter) and again post April (in the fourth quarter).</p>
<p>1.3.2.1</p> <p>Build fire-fighting capacity.</p>	<p>Number of the officials trained by the CWDM Fire Services Academy.</p>	<p>Fire officials from CWDM, other local municipalities within the PGWC and other institutions are trained/attended training at the accredited Cape Winelands Fire and Rescue Training Academy.</p>	<p>"The officials and trained"</p>	<p>In terms of section 84(1)(i)-(iii) of the MSA, CWDM as a district municipality is tasked with the coordination and facilitation of fire-fighting services within the area that CWDM <i>alia</i> maintain, veid and chemical fire services.</p>
<p>1.4.1.1</p> <p>To fulfil a coordinating role in terms of town and regional planning within the Cape Winelands District.</p>	<p>Annual review of CWDM's SDF, submitted to Council for consideration for approval.</p>	<p>The SDF for the CWDM is reviewed and updated in line with amendments to legislation and circumstantial changes respectively. The SDF is then submitted to Council for approval.</p>	<p>"Cape Winelands District"</p>	<p>In building "fire-fighting capacity" the CWDM aims to increase the number of firefighters that are trained at the Cape Winelands Fire and Rescue Training Academy.</p>
<p>1.4.2.1</p> <p>Implement environmental management activities to achieve environmental sustainability.</p>	<p>Number of hectares cleared through the EPWP Invasive Alien Vegetation Management.</p>	<p>Clearing of invasive alien plant species throughout the district serviced by CWDM through the two programmes that are in place.</p>	<p>"Implement"</p>	<p>The Cape Winelands district is situated next to the Cape Metropolitan area and encloses 22 309 km². It is a landlocked area bordering all other districts in the Western Cape, as well as the City of Cape Town and the Northern Cape. The district includes five local municipalities: namely Drakenstein, Stellenbosch, Witzenberg, Breede Valley and Langeberg.</p>
<p>1.5.1.1</p> <p>To improve the livelihoods of citizens in the Cape Winelands District.</p>	<p>Number of ECD centres supported by the CWDM.</p>	<p>CWDM provides various types of assistance (monetary and non-monetary) to ECD centres in the Cape Winelands District.</p>	<p>"Supported"</p>	<p>To "implement" effective environmental management activities is interpreted as the planning measures that CWDM puts into effect in order to protect the environment that it services.</p> <p>CWDM provides "support" in the form of both monetary and/or non-monetary assistance to ECD centres in the Cape Winelands District.</p>

Strategic Objective 1: Creating an environment and forging partnerships that ensure social and economic development of all communities, including the empowerment of the poor in the Cape Winelands District

1.5.1.2	Number of youths who complete the skills development project.	Implementation of skills development programmes to enhance the employability of the youth and the SMME development amongst youth.	"Youth(s)"	For the CWDMM purposes, a "youth" would be an individual between 18 and 35 years of age.
---------	---	---	------------	--

Strategic Objective 2: Promoting sustainable infrastructure services and a transport system which fosters social and economic opportunities					
KPI number	Outcome indicator	KPI	Indicator definition	Technical term	Definition
2.1.1.1		Conclude the annual MOA or addendum with PGWC.	Each year CWDWM signs an agreement with PGWC in terms of the road agency fund. Signed agreements with the objective to support maintenance of proclaimed roads in the district on an agency basis for the provincial road authority. A grant is allocated according to the provincial financial year.	"Proclaimed roads"	Municipalities are responsible for residential roads and roads in built-up areas within its demarcation. For the purposes of CWDWM's interpretation, "proclaimed roads" are those roads under the legal ownership of government and are the responsibility of the CWDWM to maintain as they are municipal roads within the Cape Winelands District.
2.1.1.2	Roll-out and implementation of the maintenance function and activities for proclaimed roads as an agent on behalf of the Western Cape Department of Transport and Public Works.	Kilometres of roads resealed .	This is an activity forming part of the capital funding allocation for PGWC. The resealing of rural provincial roads forms part of the PGWC provincial agency function performed by CWDWM on their road network in the Cape Winelands District. Plant and equipment are allocated by PGWC to CWDWM, with plant and equipment being the "yellow fleet" which includes <i>inter alia</i> graders and water trucks. This is as per the MOA signed between PGWC and CWDWM. CWDWM uses their own municipal officials for the work performed in this regard, but all funding forms part of the annual funding based on the financial year of the provincial government. Reseal material consists of stone and bitumen is procured from suppliers.	"Resealed"	For the purposes of CWDWM's interpretation, "resealing" is the process of spraying bitumen onto a road pavement and then rolling in a layer of uniformly sized stones to create a new surface. The purpose of this activity is to maintain the surface of the road(s) and benefits thereof include <i>inter alia</i> waterproofing of the surface; protecting the underlying pavement from deterioration; sealing small cracks and imperfections and extending the useful life of the road in the most economic manner.
2.1.1.3		Kilometres of roads bladed .	This is a general maintenance activity forming part of the "current" funding allocation for PGWC. The blading of rural provincial gravel roads with a grader forms part of the provincial agency function performed by CWDWM on the PGWC road network within the Cape Winelands District. Plant and equipment are allocated by PGWC to CWDWM, with plant and equipment being the "yellow fleet" which includes <i>inter alia</i> graders and water trucks. This is as per the MOA signed between PGWC and CWDWM. CWDWM use their own officials to complete the blading of the gravel roads. All funding forms part of the	"Bladed"	For the purposes of CWDWM's interpretation, "blading" (or "bladed") is a road maintenance activity. The activity is performed by using a motor grader (or "grader") and undertakes to smooth a road's surface.

				<p>annual funding based on the financial year of the PGWC.</p> <p>This is an activity forming part of the "capital" funding allocation from PGWC.</p> <p>The re-gravelling of rural provincial roads forms part of the PGWC provincial agency function performed by CWDWM. CWDWM use their own officials to complete the re-gravelling of the provincial roads in the Cape Winelands District. All funding forms part of the annual funding based on the financial year of the PGWC.</p> <p>Gravel material is procured from the commercial suppliers or from CWDWM's own resources. Internal plant can be supplemented by renting plant from suppliers.</p>	<p>"Re-gravelled"</p>	<p>For the purposes of CWDWM's interpretation, re-gravelling is a road maintenance activity. Gravel roads require greater maintenance than that of paved roads and the act of "re-gravelling" concerns distributing the segments of gravel to create an even surface should the gravel deteriorate and/or shift in any way.</p>
<p>2.1.1.4</p>	<p>Roll-out and implementation of the maintenance function and activities for proclaimed roads as an agent on behalf of the Western Cape Department of Transport and Public Works.</p>	<p>Kilometres of roads re-gravelled.</p>	<p>In terms of section 84(1)(e) of the Municipal Structures Act, No. 117 of 1998, a district municipality has the power to determine a waste disposal strategy; regulate the disposal of waste; and establish, operate and control waste disposal sites, bulk waste transfer facilities, and waste disposal facilities for more than one local municipality in the district.</p> <p>CWDWM is currently working towards facilitating these functions and the development and annual review of an IWMP.</p>	<p>"Infrastructure services"</p>	<p>For the purposes of CWDWM's interpretation, infrastructure services in relation to the IWMP constitutes the cell that is constructed for the purposes of dumping waste, as well as material recovery facility, which is where recycling will take place, and can include inter alia a composting plant and a bio-gas plant.</p>	
<p>2.2.1.1</p>	<p>Coordinate and improve the planning of infrastructure services in the Cape Winelands District.</p>	<p>Annual review, and alignment with review outcome, of the IWMP and submit to Council for consideration for approval.</p>	<p>Number of sites where sidewalks and/or embayments and/or bus shelters have been completed or upgraded.</p> <p>This means that CWDWM could either construct a new sidewalk or upgrade existing structures. These structures would constitute a sidewalk, embayment or bus shelter.</p>	<p>"Completed or upgraded"</p>	<p>For the purposes of CWDWM interpretation, the act of "completing" (or "completed") a sidewalk and/or an embayment and/or a bus shelter concerns the initial construction thereof. "Upgraded" concerns the act of modifying an existing structure to improve the quality and useful life thereof.</p>	
<p>2.3.1.2</p>	<p>Improve pedestrian safety throughout the Cape Winelands District.</p>	<p>Percentage of project budget spent on rural projects.</p>	<p>Monitoring the percentage of actual spending of the project budget spent on: clearing road reserves; provision of water and sanitation to schools; renewable infrastructure; and upgrade</p>	<p>"Infrastructure services"</p>	<p>For the purposes of CWDWM's interpretation, "infrastructure services" concern a number of activities coordinated by CWDWM in order to better the livelihoods of citizens in the Cape Winelands District. Through the coordination and facilitation of activities which include <i>inter alia</i> the provision of water and sanitation to schools, clearing road reserves, the provision of renewable infrastructure, and upgrading of sport facilities</p>	

2.4.1.1		rural sport facilities against the approved budget on each project. This is calculated as the actual spending recorded on SAMRAS per the expenditure reports for the related projects as listed in the KPI divided by the approved budget (if adjusted during the year, the adjustment budget will be used).			(this rural project may include initial construction of a sports facility or the modification to an existing structure and/or the supply of equipment).
2.4.2.1	Number of schools assisted with ablution facilities and/or improved water supply.	Construction or upgrades to ablution facilities (toilets/water and sanitation) and/or water supply at a number of school sites. CWDM would measure the number of ablution facilities, and/or the water supply at a particular school site.	"Rural projects"	"Improve"	For the purposes of CWDM's interpretation, rural projects refer to clearing road reserves, provision of water and/or sanitation services to schools, renewable infrastructure – rural areas, and upgrading of sport facilities (this rural project may include initial construction of a sports facility or the modification to an existing structure and/or the supply of equipment).
2.4.2.2	Number of solar geysers installed.	The number of subsidies provided to applicants for the installation of solar geysers. Previously CWDM officials installed the solar geysers, however from an administrative perspective it was more efficient to grant a subsidy for the installation of the solar geysers	"Assisted"	"Livelihoods"	To "improve" an individual's livelihood is subjective, however "improvement" is deemed successful when an individual's livelihood is placed in a better position from what it once was. Such improvements include <i>inter alia</i> measures to better the current state of water and sanitation. For the purposes of CWDM's interpretation, schools will be "assisted" with either the initial construction of ablution facilities or will have existing facilities modified to improve the quality and useful life thereof.
2.4.2.3	Number of sport facilities upgraded or completed and/or supplied with equipment.	The number of sport facilities sites being upgraded, or new facilities being constructed and/or being supplied with equipment.	"Upgraded or completed and/or supplied"	"Equipment"	For the purposes of CWDM's interpretation, the "livelihood(s)" constitutes the everyday activities that are essential to the basic necessities of life. This would include <i>inter alia</i> securing water, sanitation, and/or solar geysers. For the purposes of CWDM interpretation, the act of "completing" (or "completed") a structure concerns the initial construction thereof. "Upgraded" concerns the act of modifying an existing structure to improve the quality and useful life thereof. "Supplied" concerns the provision of equipment to be used at either a completed or upgrade sport facility site. For the purposes of CWDM's interpretation, "equipment" constitutes certain structural items that are purchased already constructed and ready for installation in their current state
2.5.1.1	Annual review, and alignment with review outcome, of the ICT Governance Framework and/or the ICT Strategic Plan and submit to Council for consideration for approval.	ICT governance concerns the effective and efficient management of ICT resources in order to facilitate the achievement of organisational goals and objectives.	"Improve"		For the purposes of CWDM's interpretation, to "improve" governance in the Cape Winelands District refers to the measures put in place to elevate the current state of governance within CWDM's ambit of responsibility. Such measures include the regular review of the ICT Governance Framework and ICT Strategic Plan, as well as updates thereto when necessary.
