Reasons for the variances on the Financial Performance (revenue and expenditure):

Revenue by source:

Interest earned – external investments

The variance is due to the municipality only accounting for the interest when the investments mature.

Agency Services

The Department of Transport and Public Works transfers funds every second month, in arrears, in terms of the memorandum of agreement.

Expenditure by type:

Remuneration of Councillors

The variance is due to the timeframe between the Municipal Elections and the reconstitution of the CWDM Council.

Other materials, Contracted services and Transfer and subsidies

The variance is due to the performance of different projects. The detail on the progress of each project can be located on page 31.

Other expenditure

The variance is due to different items, which amounted to expenditure being lower than anticipated.

This report is a summary of the main budgetary matters arising from the financial monitoring process.

The Service Delivery Budget Implementation Plan (SDBIP) projections are compared to the progress made with regards to the implementation of the 2021/2022 Budget, and any material discrepancies are followed up to ensure that the municipality achieve its strategic objectives as documented in the Integrated Development Plan (IDP).

This is done in accordance with section 54 of the MFMA, which requires the Mayor to consider the section 71 report and take appropriate action to ensure that the approved budget is implemented in accordance with the SDBIP.
