Reasons for the variances on the Financial Performance (revenue and expenditure):

Revenue by source:

Rental of facilities and equipment

The variance is due to the contract not being finalised for the current financial year.

Interest earned – external investments

The variance is due to the municipality only accounting for the interest when the investments mature.

Agency Services

The Department of Transport and Public Works transfers funds every second month, in arrears, in terms of the memorandum of agreement.

Other revenue

The variance is due to management fees for roads services and sandhills toilet hire being less than anticipated during the budget process.

Expenditure by type:

Other materials, Contracted services and Transfer and subsidies

The variance is due to the performance of different projects. The detail on the progress of each project can be located on page 30.
