Reasons for the variances on the Financial Performance (revenue and expenditure):

Revenue by source:

Rental of facilities and equipment

The variance is due to the contract not being finalised for the current financial year.

Interest earned – external investments

The variance is due to the municipality only accounting for the interest when the investments mature.

Agency Services

The Municipality made an adjustment to indicate the amount billed to Department of Transport and Public Works, previously the Municipality indicated the amounts received. Billing is done after the month end and after reconciliation are finalized.

Licences and permits

The variance is due to health certificates and atmospheric emissions issued being lower than anticipated during the budget process.

Expenditure by type:

Other materials, Contracted services and Transfer and subsidies

The variance is due to the performance of different projects. The detail on the progress of each project can be located on page 30.
