Acknowledge receipt of addenda to the quotation documents, which the employer may issue, and if necessary, apply for an extension to the closing time stated in the quotation data, to take the addenda into account.

**C.2.7 Clarification meeting**

Attend, where required, a clarification meeting at which bidders may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the quotation data.

**C.2.8 Seek clarification**

Request clarification of the quotation documents, if necessary, by notifying the employer at least five (5) working days before the closing time stated in the quotation data.

**C.2.9 Insurance**

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The bidder is advised to seek qualified advice regarding insurance.

**C.2.10 Pricing the quotation offer**

C.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes except Value Added Tax (VAT), and other levies payable by the successful bidder, such duties, taxes, and levies being those applicable fourteen (14) days before the closing time stated in the quotation data.

C.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

C.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

C.2.10.4 State the rates and prices in Rand unless instructed otherwise in the quotation data. The conditions of contract identified in the contract data may provide for part payment in other currencies.

**C.2.11 Alterations to documents**

Do not make any alterations or additions to the quotation documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the bidder. All signatories to the quotation offer shall initial all such alterations.

**C.2.12 Alternative quotation offers**

C.2.12.1 Unless otherwise stated in the quotation data, submit alternative quotation offers only if a main quotation offer, strictly in accordance with all the requirements of the quotation documents, is also submitted as well as a schedule that compares the requirements of the quotation documents with the alternative requirements that are proposed.

C.2.12.2 Accept that an alternative quotation offer must be based only on the criteria stated in the quotation data or criteria otherwise acceptable to the employer.

C.2.12.3 An alternative quotation offer must only be considered if the main quotation offer is the winning quotation.

**C.2.13 Submitting a quotation offer**

C.2.13.1 Submit one quotation offer only, either as a single quotation entity or as a member in a joint venture to provide the whole of the works identified in the contract data and described in the scope of works, unless stated otherwise in the quotation data.

C.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

C.2.13.3 Submit the parts of the quotation offer communicated on paper as an original plus the number of copies stated in the quotation data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

C.2.13.4 Sign the original and all copies of the quotation offer where required in terms of the quotation data. The employer will hold all authorized signatories liable on behalf of the bidder. Signatories for bidders proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the quotation offer.

C.2.13.5 Seal the original and each copy of the quotation offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the quotation data, as well as the bidder's name and contact address.

C.2.13.6 Where a two-envelope system is required in terms of the quotation data, place and seal the returnable documents listed in the quotation data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the quotation data, as well as the bidder's name and contact address.

C.2.13.7 Seal the original quotation offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the quotation data.

C.2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening of the quotation offer if the outer package is not sealed and marked as stated.

C.2.13.9 Accept that quotation offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the quotation data.

**C.2.14 Information and data to be completed in all respects**

Accept that quotation offers, which do not provide all the data or information requested completely and, in the form, required, may be regarded by the employer as non-responsive.

**C.2.15 Closing time**

C.2.15.1 Ensure that the employer receives the quotation offer at the address specified in the quotation data not later than the closing time stated in the quotation data. Accept that proof of posting shall not be accepted as proof of delivery.

C.2.15.2 Accept that, if the employer extends the closing time stated in the quotation data for any reason, the requirements of these conditions of quotation apply equally to the extended deadline.

**C.2.16 Quotation offer validity**

C.2.16.1 Hold the quotation offer(s) valid for acceptance by the employer at any time during the validity period stated in the quotation data after the closing time stated in the quotation data.

C.2.16.2 If requested by the employer, consider extending the validity period stated in the quotation data for an agreed additional period with or without any conditions attached to such extension.

C.2.16.3 Accept that a quotation submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for quotations that a quotation is to be withdrawn or substituted. If the validity period stated in C.2.16 lapses before the employer evaluating quotation, the contractor reserves the right to review the price based on Consumer Price Index (CPI).

C.2.16.4 Where a quotation submission is to be substituted, a bidder must submit a substitute quotation in accordance with the requirements of C.2.13 with the packages clearly marked as "SUBSTITUTE".

**C.2.17 Clarification of quotation offer after submission**

Provide clarification of a quotation offer in response to a request to do so from the employer during the evaluation of quotation offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of bidders or substance of the quotation offer is sought, offered, or permitted.

Note: Sub-clause C.2.17 does not preclude the negotiation of the final terms of the contract with a preferred bidder following a competitive selection process, should the Employer elect to do so.

**C.2.18 Provide other material**

C.2.18.1 Provide, on request by the employer, any other material that has a bearing on the quotation offer, the bidder's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment.

Should the bidder not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the quotation offer as non-responsive.

C.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

**C.2.19 Inspections, tests, and analysis**

Provide access during working hours to premises for inspections, tests and analysis as provided for in the quotation data.

**C.2.20 Submit securities, bonds, and policies**

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies, and certificates of insurance required in terms of the conditions of contract identified in the contract data.

**C.2.21 Check final draft**

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

**C.2.22 Return of other quotation documents**

If so, instructed by the employer, return all retained quotation documents within twenty-eight (28) days after the expiry of the validity period stated in the quotation data.

**C.2.23 Certificates**

Include in the quotation submission or provide the employer with any certificates as stated in the quotation data.

**C.3 The employer's undertakings**

**C.3.1 Respond to requests from the bidder**

C.3.1.1 Unless otherwise stated in the quotation Data, respond to a request for clarification received up to five (5) working days before the quotation closing time stated in the Quotation Data and notify all bidders who collected quotation documents.

C.3.1.2 Consider any request to make a material change in the capabilities or formation of the quotation entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a bidder to submit a quotation offer in terms of a previous procurement process and deny any such request if consequently:

- a) an individual firm, or a joint venture, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements.
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

**C.3.2 Issue Addenda**

If necessary, issue addenda that may amend or amplify the quotation documents to each bidder during the period from the date that quotation documents are available until three (3) working days before the quotation closing time stated in the Quotation Data. If, as a result a bidder applies for an extension to the closing time stated in the Quotation Data, the Employer may grant such extension and, shall then notify all bidders who collected quotation documents.

**C.3.3 Return late quotation offers**

Return quotation offers received after the closing time stated in the Quotation Data, unopened, (unless it is necessary to open a quotation submission to obtain a forwarding address), to the bidder concerned.

**C.3.4 Opening of quotation submissions**

C.3.4.1 Unless the two-envelope system is to be followed, open valid quotation submissions in the presence of bidders' agents who choose to attend at the time and place stated in the quotation data. Quotation submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

C.3.4.2 Announce at the meeting held immediately after the opening of quotation submissions, at a venue indicated in the quotation data, the name of each bidder whose quotation offer is opened and, where applicable, the total of his prices, number of points claimed for its BBBEE status level and time for completion for the main quotation offer only.

C.3.4.3 Make available the record outlined in C.3.4.2 to all interested persons upon request.

**C.3.5 Two-envelope system**

C.3.5.1 Where stated in the quotation data that a two-envelope system is to be followed, open only the technical proposal of valid quotations in the presence of bidders' agents who choose to attend at the time and place stated in the quotation data and announce the name of each bidder whose technical proposal is opened.

C.3.5.2 Evaluate functionality of the technical proposals offered by bidders, then advise bidders who remain in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of bidders, who score in the functionality evaluation more than the minimum number of points for functionality stated in the quotation data, and announce the score obtained for the technical proposals and the total price and any points claimed on BBBEE status level. Return unopened financial proposals to bidders whose technical proposals failed to achieve the minimum number of points for functionality.

**C.3.6 Nondisclosure**

Not disclose to bidders, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of quotation offers, the final evaluation price, and recommendations for the award of a contract, until after the award of the contract to the successful bidder.

**C.3.7 Grounds for rejection and disqualification**

Determine whether there has been any effort by a bidder to influence the processing of quotation offers and instantly disqualify a bidder (and his quotation offer) if it is established that he engaged in corrupt or fraudulent practices.

**C.3.8 Test for responsiveness**

C.3.8.1 Determine, after opening and before detailed evaluation, whether each quotation offer properly received:

- a) complies with the requirements of these Conditions of Quotation,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the quotation documents.

C.3.8.2 A responsive quotation is one that conforms to all the terms, conditions, and specifications of the quotation documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the bidder's risks and responsibilities under the contract, or
- c) affect the competitive position of other bidders presenting responsive quotations if it were to be rectified.

Reject a non-responsive quotation offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

**C.3.9 Arithmetical errors, omissions, and discrepancies**

C.3.9.1 Check responsive quotations for discrepancies between amounts in words and amounts in figures. Where there is a discrepancy between the amounts in figures and the amount in words, the amount in words shall govern.

C.3.9.2 Check the highest ranked quotation or bidder with the highest number of quotation evaluation points after the evaluation of quotation offers in accordance with C.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate.
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
  - (i) line-item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
  - (ii) the summation of the prices.

C.3.9.3 Notify the bidder of all errors or omissions that are identified in the quotation offer and either confirm the quotation offer as tendered or accept the corrected total of prices.

C.3.9.4 Where the bidder elects to confirm the quotation offer as tendered, correct the errors as follows:

- a) If bills of quantities or pricing schedules apply and there is an error in the line-item total resulting from the product of the unit rate and the quantity, the line-item total shall govern, and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line-item total as quoted shall govern, and the unit rate shall be corrected.
- b) Where there is an error in the total of the prices either because of other corrections required by this checking process or in the bidder's addition of prices, the total of the prices shall govern, and the bidder will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

**C.3.10 Clarification of a quotation offer**

Obtain clarification from a bidder on any matter that could give rise to ambiguity in a contract arising from the quotation offer.

**C.3.11 Evaluation of quotation offers**

The Standard Conditions of Quotation standardize the procurement processes, methods, and procedures from the time that quotations are invited to the time that a contract is awarded. They are generic in nature and are made project specific through choices that are made in developing the Quotation Data associated with a specific project.

Conditions of quotation are the document that establishes a bidder's obligations in submitting a quotation and the employer's undertakings in soliciting and evaluating quotation offers. Such conditions establish the rules from the time a quotation is advertised to the time that a contract is awarded and require employers to conduct the process of offer and acceptance in terms of a set of standard procedures.

The CIDB Standard Conditions of Quotation are based on a procurement system that satisfies the following system requirements:	
Requirement	Qualitative interpretation of goal
Fair	The process of offer and acceptance is conducted impartially without bias, providing simultaneous and timely access to participating parties to the same information.
Equitable	Terms and conditions for performing the work do not unfairly prejudice the interests of the parties.
Transparent	The only grounds for not awarding a contract to a bidder who satisfies all requirements are restrictions from doing business with the employer, lack of capability or capacity, legal impediments, and conflicts of interest.
Competitive	The system provides for appropriate levels of competition to ensure cost effective and best value outcomes.
Cost effective	The processes, procedures and methods are standardized with sufficient flexibility to attain best value outcomes in respect of quality, timing, and price, and least resources to effectively manage and control procurement processes.

**The activities associated with evaluating quotation offers are as follows:**

- a) Open and record quotation offers received
- b) Determine whether quotation offers are complete
- c) Determine whether quotation offers are responsive
- d) Evaluate quotation offers
- e) Determine if there are any grounds for disqualification
- f) Determine acceptability of preferred bidder
- g) Prepare a quotation evaluation report
- h) Confirm the recommendation contained in the quotation evaluation report

**C.3.11.1 General**

The employer must appoint an evaluation panel of not less than three persons conversant with the proposed scope of works to evaluate each responsive quotation offer using the quotation evaluation methods and associated evaluation criteria and weightings that are specified in the quotation data.

**C.3.12 Insurance provided by the employer**

If requested by the proposed successful bidder, submit for the bidder's information the policies and / or certificates of insurance which the conditions of contract identified in the contract data, require the employer to provide.

**C.3.13 Acceptance of quotation offer**

Accept the quotation offer; if in the opinion of the employer, it does not present any risk and only if the bidder:

- a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement;
- b) can, as necessary and in relation to the proposed contract, demonstrate that he or she possesses the professional and technical qualifications, professional and technical competence, financial resources, equipment and other physical facilities, managerial capability, reliability, experience and reputation, expertise, and the personnel, to perform the contract.
- c) has the legal capacity to enter the contract.
- d) is not; insolvent, in receivership, under Business Rescue as provided for in chapter 6 of the Companies Act No. 2008, bankrupt or being wound up, has his/her affairs administered by a court or a judicial officer, has suspended his/her business activities or is subject to legal proceedings in respect of any of the foregoing.
- e) complies with the legal requirements, if any, stated in the quotation data; and
- f) is able, in the opinion of the employer, to perform the contract free of conflicts of interest.

**C.3.14 Prepare contract documents**

C.3.14.1 If necessary, revise documents that shall form part of the contract and that were issued by the employer as part of the quotation documents to take account of:

- a) addenda issued during the quotation period,
- b) inclusion of some of the returnable documents and
- c) other revisions agreed between the employer and the successful bidder.

C.3.14.2 Complete the schedule of deviations attached to the form of offer and acceptance, if any.

**C.3.15 Complete adjudicator's contract**

Unless alternative arrangements have been agreed or otherwise provided for in the contract, arrange for both parties to complete formalities for appointing the selected adjudicator at the same time as the main contract is signed.

**C.3.16 Registration of the award**

An employer must, within twenty-one (21) working days from the date on which a contractor's offer to perform a construction works contract is accepted in writing by the employer, register and publish the award on the CIDB Register of Projects.

**C.3.17 Provide copies of the contracts**

Provide to the successful bidder the number of copies stated in the Quotation Data of the signed copy of the contract as soon as possible after completion and signing of the form of offer and acceptance.

**C.3.18 Provide written reasons for actions taken**

Provide upon request written reasons to bidders for any action that is taken in applying these conditions of quotation but withhold information which is not in the public interest to be divulged, which is considered to prejudice the legitimate commercial interests of bidders or might prejudice fair competition between bidders.
