1. Acceptance or Rejection of a Tender

The Municipality reserves the right to withdraw any invitation to tender and/or to re-advertise or to reject any tender or to accept any tender in whole or part.

The Municipality does not bind itself to accepting the lowest tender or the tender scoring the highest points.

The Municipality reserves the right to accept more than one tender (in the event of a number of items being offered).

2. Validity Period

The fact and action of handing in a tender to the Municipality is accepted as a contract between the Municipality and the bidder whereby such a tender remains valid and available for a period of ninety (90) days, calculated from the closing date as advertised for the tender, for acceptance, or non-acceptance by the Municipality. The bidder undertakes not to withdraw, or alter, the tender during this period.

3. Registration on Accredited Supplier Database

It is expected of all prospective service providers who are not yet registered on the Municipality's Accredited Supplier Database to register without delay on the prescribed form.

It will be expected from Suppliers to update registration details every 12 months from date of registration. Payment will not be effected if supplier information is outdated.

The Municipality reserves the right not to award tenders to prospective suppliers who are not registered on the Database.

16. Broad-based black economic empowerment (B-BBEE) status level certificates

Bidders are required to submit original and valid B-BBEE Status Level Verification Certificates or certified copies of the original, not a photo-copy of another certified copy thereof together with their bids, to substantiate their B-BBEE rating claims.

Bidders who do not submit B-BBEE Status Level Verification Certificates or who are non-compliant contributors to B-BBEE do not qualify for preference points for B-BBEE but should not be disqualified from the bidding process. They will score points out of 90 or 80 for price only and zero (0) points out of 10 or 20 for B-BBEE.

A trust, consortium or joint venture must submit a consolidated B-BBEE Status Level Verification Certificate for every separate bid.

Public entities and tertiary institutions must also submit B-BBEE Status Level Verification Certificates together with their bids.

If an institution is already in possession of a valid and original or certified copy of a bidder's B-BBEE Status Level Verification Certificate that was obtained for the purpose of establishing the database of possible suppliers for price quotations or that was submitted together with another bid, it is not necessary to obtain a new B-BBEE Status Level Verification Certificate each time a bid is submitted from the specific bidder.

Such a certificate may be used to substantiate B-BBEE rating claims provided that the closing date of the bid falls within the expiry date of the certificate that is in the institution's possession.

Each time this provision is applied, cross-reference must be made to the B-BBEE Status Level Verification Certificate already in possession for audit purposes.

23. Termination for default

The District Municipality, without prejudice to any other remedy for breach of contract, by written notice of default sent to the service provider, may terminate this agreement in whole or in part:

If the service provider fails to deliver any or all of the goods within the period(s) specified in the agreement;

If the service provider fails to perform any obligation(s) under the contract; or

If the service provider in the judgment of the District Municipality, has engaged in corrupt or fraudulent practices in competing for or in executing the contract

In the event the District Municipality terminates the contract in whole or in part, the District Municipality may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the service provider shall be liable to the District Municipality for any excess costs for such similar goods, works or services. However, the service provider shall continue performance of the contract to the extent not terminated.

Where the District Municipality terminates the contract in whole or in part, the District Municipality may decide to impose a restriction penalty on the service provider by prohibiting such service provider from doing business with the public sector for a period not exceeding 10 years.

If a District Municipality intends imposing a restriction on a service provider or any person associated with the service provider, the service provider will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the service provider fail to respond within the stipulated fourteen (14) days the District Municipality may regard the service provider as having no objection and proceed with the restriction.

Any restriction imposed on any person by the District Municipality will, at the discretion of the District Municipality, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the District Municipality actively associated.

If a restriction is imposed, the District Municipality must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

The date of commencement of the restriction;
The period of restriction; and

These details will be loaded in the National Treasury's central database of service provider or persons prohibited from doing business with the public sector.

If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Termination for Insolvency

The District Municipality may at any time terminate the contract by giving written notice to the service provider if the service provider becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the service provider, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the District Municipality.

25. Settlement of Disputes

If any dispute or difference of any kind whatsoever arises between the District Municipality and the service provider in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the District Municipality or the service provider may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

Notwithstanding any reference to mediation and/or court proceedings herein, the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and

The District Municipality shall pay the service provider any monies due for goods delivered and/or services rendered according to the prescripts of the contract.

The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

28. Taxes and duties

A service provider shall be entirely responsible for all taxes, duties, license fees, etc., of the contracted goods to the District Municipality.

No contract shall be concluded with any tenderer whose tax matters are not in order.

No contract shall be concluded with any tenderer whose municipal rates and taxes and municipal services charges are in arrears.

29. Value-added tax (VAT) on invoices

Tax invoices are to comply with the requirements as contained in the Value Added Tax Act, 1991 (Act No 89 of 1991). The content of the invoice must contain information as prescribed by the Act.

Where the value of an intended contract will exceed R 1 000 000.00 (R1 Million) it is the bidder's responsibility to be registered with the South African Revenue Services (SARS) for VAT purposes in order to be able to issue tax invoices. CWDM will deem the price above R 1 000 000.00 (R1 Million) to be VAT inclusive even if it is indicated that no VAT is charged. Please ensure that provision is made for VAT in these instances.

The VAT registration number of the District Municipality is 4700193495.

30. Tax Clearance Certificate

A valid original Tax Clearance Certificate must accompany the bid documents unless the bidder is registered on the Accredited Supplier Database of the Municipality and the Municipality has a valid original Tax Clearance Certificate for the bidder on record. The onus is on the bidder to ensure that the Municipality has an original Tax Clearance Certificate on record.

In the case of a Consortium/Joint Venture every member must submit a separate Tax Clearance Certificate with the bid documents unless the member is registered on the Accredited Supplier Database of the Municipality and the Municipality has a valid original Tax Clearance Certificate for the member on record.

If a bid is not supported by a valid original Tax Clearance Certificate, either as an attachment to the bid documents or on record in the case of suppliers registered on the Supplier Database of the Municipality, the Municipality reserves the right to obtain such document after the closing date to verify that the bidder's tax matters are in order. If no such document can be obtained within a period as specified by the Municipality, the bid will be disqualified.

31. Municipal Rates, Taxes and Charges

A certified copy of the bidder's and those of its directors municipal accounts (for the Municipality where the bidder pays his account) for the month preceding the tender closure date must accompany the tender documents. If such a certified copy does not accompany the bid document of the successful bidder, the Municipality reserves the right to obtain such documents after the closing date to verify that their municipal accounts are in order.

Any bidder which is or whose directors are in arrears with their municipal rates and taxes or municipal charges due to any Municipality or any of its entities for more than three months and have not made an arrangement for settlement of same before the bid closure date will be unsuccessful.

If a bidder rents their premises, proof must be submitted that the rental includes their municipal rates and taxes or municipal charges and that their rent is not in arrears.

32. Protection Of Personal Information

In submitting any information or documentation requested in this tender document, or any other information that may be requested pursuant to this tender, you are consenting to the processing by the Cape Winelands District Municipality or its stakeholders of your personal information and all other personal information contained therein, as contemplated in the Protection of Personal Information Act, 2013 (Act No 4 of 2013) and Regulations promulgated thereunder ("POPI Act"). K. CERTIFICATE OF INDEPENDENT BID DETERMINATION (MBD 9)

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
